Train & Board

Customized behavioral training to bring out your dog's best

What is "Train & Board"?

Your dog comes to our facility and lives here for an agreed upon length of time, during which they receive training lessons multiple times per day with a professional dog trainer. Basically we train your dog for you!

Our Train & Board program includes multiple training sessions throughout the day, 7 days a week, plus daily exercise and socialization. We work with the dogs in real life situations, often visiting our own homes or public places to advance the training. Every dog works with multiple professional trainers. For dogs who get along well with other dogs, we let them have play time with other dog friendly dogs during their stay.

- **Customized** – Each program is designed to train the skills that are most needed for your personal situation. This may include basic obedience such as "Sit", "Stay", "Come", no pulling on a leash, basic manners such as no jumping, "Quiet", as well as upper level Canine Good Citizen, Therapy training, competition obedience, agility and tracking training. It all depends on what your goals are. We will train and practice in a multitude of real life settings to improve the reliability of your dog's training.

- **Experience** – Our trainers have combined well over 150 years of dog training experience! ALL of our trainers attend annual behavior and training seminars to stay up to date on the latest and most successful training methods.

- **Positive** – We use positive methods, utilizing treats, toys and play to motivate your dog. Our goal is a trained AND happy dog!

The Good Dog Center Difference

"Unbelievable is the word that best describes Jimmy's progress at the Good Dog Center. Our one year old chow had become a cranky, aggressive, poorly mannered dog when we sent him off to Decorah. After a week of training he came home well mannered and with a true attitude adjustment. Our family and guests to our home are amazed at the difference! I highly recommend the Good Dog Center and the great people who work there!"
